

PoE IP Encoder

48CH Digital Encoder

EEN48IP

FEATURES

48CH IP Input

1080N Second Stream

Gigabit output

Linux Ubuntu 16.04 Server

10/100/1000 Gigabit Lan

IEEE 802.3af

Altera Max 10 SoC

EEN48IP

48CH PoE Encoder | EEN48IP

v1.2-8.14

System	
Operating System	Linux (Ubuntu 16.04 LTS Server or higher)
Add Ons	Compatible with Streamer Platform Software Tools
Video	
Video Input	48 Channels UTP Digital Video (RTSP, HTTP, Proprietary)
Signal Type	TCP/IP
Video Output	
Encoding	48 Channels H.264 H.265 Multiple Stream
Network	
Interface	1 Gigabyte Ethernet RJ45
Secondary Stream	1080N
General	
PoE	IEEE 802.3af
Power Consumption	DC 12V ≤6W (Without Hard Disk)
Working Environ	-10~55°C/10~90%
