

How to update:

Download latest debian package

from: [http://146.190.33.177/distributors/prosegur/Streamer\\_Linux\\_Milestone/](http://146.190.33.177/distributors/prosegur/Streamer_Linux_Milestone/)

Before installing use Winscp to copy pystreamer-1.0.2-1-armhf.deb to  
/home/development/Downloads folder

Login with Putty to linux board:

(Copy & Paste commands)

Update to new version:

1. `sudo apt install ./pystreamer-1.0.2-1-armhf.deb`
2. `sudo systemctl start pystreamer`
3. `Sudo systemctl status pystreamer`
